About Me

I am a Full Stack Web Developer educated at the University of Denver (DU) who has a passion for approaching programming challenges from different angles. My skills include; Computer Science applied to JavaScript, Browser Based Technologies (HTML, CSS, JavaScript, jQuery), Databases (MySQL, MongoDB), Deployment (Heroku, Git), PHP/Laravel, Quality Assurance (Writing Tests), Server Side Development (Node.js, Express, MERN Stack) and proficiency with advanced electronics. My strengths include meeting deadlines, creativity, and working as a team to create meaningful web applications. I remain calm in fast-paced environments and I use my education and skill-set to solve problems or debug when code is not working as expected. I strive to adapt quickly, communicate effectively, and think critically; These strengths allow me to be a team player. I am a quick and dedicated learner who is hoping to soon become an asset to your company.

Education

- Certificate in Full Stack Web Development from the University Of Denver (DU), Denver CO.
- Bachelor of Science in Geology and Mining from the University of Burundi(UB), Burundi.

Professional Experience

- Managing and working in a team as a full stack web developer for a creation of 3 full stack projects (Traveler, Project 1 and Project 2).
- **Case Manager** at Lutheran Family Services (LFS), Denver CO (2018-Now): Manage over two hundred families in the Denver-metro area. Train and manage interns throughout the year. Connected adults to employment opportunities. Enrolled newly arrived children in school. Advocated for my client's needs. Served as a community interpreter.
- **Assistant Case Manager** at Church World Service (CWS) Harrisonburg Refugee and Immigration Office (2017-2018 in Harrisonburg, VA): Connected adults to employment opportunities. Enrolled newly arrived children in school. Advocated for my client's needs. Served as a community interpreter.
- **Intern** at National Building and Public Works Laboratory (LNBTP) in Burundi/Africa (2016-2017): Analyzed and synthesized the geotechnic and rheumatic characteristics of materials. Completed a geotechnical study such as pressuremeter and penetrometer tests, permeability tests and identification of GTR-Proctor and IPI in laboratory.

Core Skills

- Fluency in 7 languages including, English, French, Swahili, Kirundi, Kinyarwanda, Kinyamulenge and Chinese(Mandarin)
- Certified in Microsoft Office Word, Excel and PowerPoint. Certified in ELL-Advanced at Massanutten Technical Center (Virginia). Training and managing staff, interns and volunteers at LFS, Denver. Public speaking. Interpreting, translating, and Community advocate

Leadership skills

- Training and managing staff, interns and volunteers at LFSRM (Lutheran Family Services Rocky Mountain, Denver CO)
- Vice President of CEG (Club of Geology students at the University of Burundi) 2013 - 2017
